- There are two Shinhotaka ropeways: No. 1 and No. 2.
- To get to the observation deck at the highest station, Nishihotakaguchi, you must transfer from the No. 1 Ropeway to the No. 2 Ropeway.
- You cannot descend from Nishihotakaguchi Station on foot.
- Return fare tickets are valid for two days (one return trip only).
- Luggage weighing 8 kg or more requires a separate luggage ticket (¥300 one-way).

Transportation Info

The Closest Observation Deck to the Yari and Hotaka Mountains Shinhotaka Ropeway

Chubu Sangaku National Park / Okuhida / Shinhotaka Hot Springs

Soar above the clouds at an altitude of 2,156 meters in Japan's only double-decker gondola.

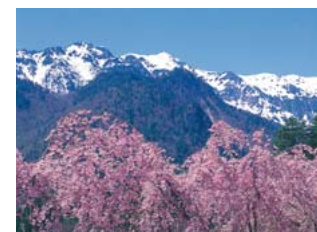

No. 1 Ropeway

The Observation Deck at Nishihotakaguchi Station

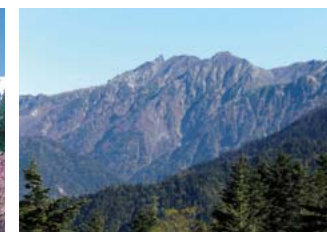

The scenic view here has a two-star rating in the Michelin Green Guide Japan.

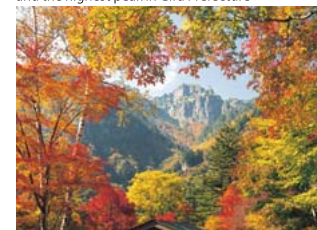

The view of the mountains from the observation deck

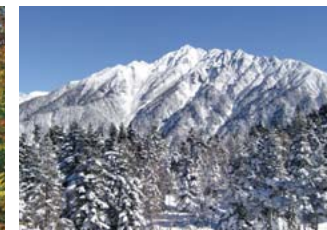

Mt. Kasagadake in Spring (Altitude: 2,898m)
A famous mountain in the Hida range and the highest peak in Gifu Prefecture

Mt. Yarigadake in Summer (Altitude: 3,180m)
Known as the Matterhorn of Japan with its razor-sharp peak

Mt. Shakujodake in Fall (Altitude: 2,168m)
Popular among mountain climbers for its unique rock face

Mt. Nishihotakadake in Winter (Altitude: 2,909m)
Japan's third-highest peak, and the southwestern-most peak of the Hotaka mountain range
